Rating Rationale and Key Rating Drivers

After a period of economic and political turbulence, Sri Lanka's economy demonstrated notable recovery in FY25. The country's GDP growth was ~5.0% in FY25, fueled by strong performance in agriculture and services sector. Economic indicators improved significantly, including currency stabilization, single-digit policy rates, and a sharp decline in inflation (-2.0% YoY in April 2025). This positive shift has lowered both country and systemic risk, benefiting Sri Lankan Licensed Finance Companies (LFCs). The LFC sector experienced asset growth of ~13.7% and a substantial improvement in asset quality with the gross Non-Performing Loan (NPL) ratio falling to ~8.3% in FY25 (FY24: ~14.7%). This was due to increased size of lending portfolio and better repayment capacity of borrowers. CBSL's Master Plan for consolidation of NBFIs Phase-II has been revised and is underway now. PMF Finance PLC ("PMF" or "the Company") is a small player in the competitive LFC sector of Sri Lanka. The principal business activities of the Company are providing Leases, Gold Loans, Term Loans, Margin Trading, Entrepreneur Loans, Mortgage Loan and mobilization of public Deposits. The rating reflects the Company's improved performance as profitability increased along with the asset size and better asset quality. The loan portfolio grew by ~52.8% to LKR ~17.1Bn in FY25, while total assets increased to LKR ~21.6Bn in FY25 (FY24: LKR~16.3Bn). As of FY25, the loan portfolio primarily consists of 3-wheelers (~29.2%), 4-wheelers (~13.0%), 2-wheelers (~4.1%), Gold Loans (~23.0%) and Ikman Draft (~12.4%). PMF's profitability improved to LKR~322.4Mn (FY24: LKR~19.2Mn), supported by an increase in interest income from LKR~3.0Bn to LKR~3.9Bn. This growth was driven by expansion of the loan portfolio, following a decline in interest rates. PMF demonstrated significant improvement in asset quality, with a Gross Non-Performing Loan (NPL) ratio of ~5.9% as of FY25 (FY24: ~18%), well below the industry average. The rating incorporates modest capitalization and high deposit concentration of the Company. The Capital Adequacy Ratio (CAR) of PMF stood at ~15.8% in FY25 (FY24: ~17.9%), well below the industry average, also limiting its growth potential. PMF's primary source of funding remains its deposits base (~79%), supplemented by borrowings from banks or capital markets. The top 20 deposit concentration has increased to ~28% in FY25 (FY24: ~23%), reflecting concentration risk. The Company intends to open new branches in high potential areas to increase its footprint and augment growth plans.

The rating is closely linked to sustainability of its recent performance trends amidst strong competition. Maintaining strong asset quality is critical, especially in new loan portfolio. Meanwhile, improving CAR to industry average and meaningful reduction in the depositor concentration would be viewed positively. On the other hand, any deterioration in the factors mentioned would negatively impact the rating.

Profile

Structure PMF Finance PLC ("PMF" or "the Company") is a Licensed Finance Company registered under the Finance Business Act No. 42 of 2011 and has been listed on the Colombo Stock Exchange (CSE) since 1994. The Company is domiciled in Sri Lanka and was established under the Companies Act No. 17 of 1982. It was subsequently re-registered under the Companies Act No. 7 of 2007. PMF is currently listed on the Dirisavi Board of the CSE.

Background The Company was initially established in 1983 as a joint venture between People's Bank and Guinness Mahon & Company Ltd., UK. After the cessation of Guinness Mahon & Company Ltd.'s operations in Asia, People's Bank assumed full ownership of the Company. In 2019, Sterling Capital Investments (Pvt) Ltd (SCI). became the major shareholder by acquiring ~68% of PMF's shareholding.

Operations The principal business activities of the Company are providing Leases, Gold Loans, Term Loans, Margin Trading, Entrepreneur Loans, Mortgage Loans and mobilization of public Deposits.

Ownership

Ownership Structure SCI holds the largest share of the Company with ~81.6% shares. People's Bank and People's Leasing & Finance PLC holds ~8.3% and ~6.1% respectively.

Stability The ultimate parent Company, Rush Japan Corporation, is incorporated in Japan and is a prominent client of Mizuho Bank. The acquisition of PMF by SCI, together with a capital infusion and its demonstrated long-term commitment provides confidence in the long-term stability in shareholding of the Company.

Business Acumen SCI is a leading exporter of Japanese vehicles to Sri Lanka, commanding a historic market share of ~65% - ~70% in reconditioned vehicles and supported by an extensive dealer network across the country. Despite facing import restrictions in Sri Lanka, the Group quickly diversified its operations into New Zealand and Australia, demonstrating strategic foresight, market adaptability, and resilience. This agility in responding to changing market conditions highlights SCI's sound judgment and strong commercial presence within the automotive export industry.

Financial Strength SCI has invested around LKR 6Bn - 7Bn in Sri Lanka and maintains a geographically diversified footprint, including export operations across Asia, Africa, Europe, and New Zealand. SCI's portfolio has a significant concentration in Sri Lanka, representing ~40% - ~45%, with the total assets ranging from LKR 10Bn - 15Bn.

*The correlation shown is indicative and, in certain cases, may not hold.

Outlook (Stable, Positive, Negative, Developing) Indicates the potential and direction of a rating over the intermediate term in response to trends in economic and/or fundamental business/financial conditions. It is not necessarily a precursor to a rating change. 'Stable' outlook means a rating is not likely to change. 'Positive' means it may be raised. 'Negative' means it may be lowered. Where the trends have conflicting elements, the outlook may be described as 'Developing'.

D

Rating Watch Alerts to the possibility of a rating change subsequent to, or, in anticipation of some material identifiable event with indeterminable rating implications. But it does not mean that a rating change is inevitable. A watch should be resolved within foreseeable future, but may continue if underlying circumstances are not settled. Rating watch may accompany rating outlook of the respective opinion.

Obligations are currently in default.

Suspension It is not possible to update an opinion due to lack of requisite information. Opinion should be resumed in foreseeable future. However, if this does not happen within six (6) months, the rating should be considered withdrawn.

Withdrawn A rating is withdrawn on a) termination of rating mandate, b) the debt instrument is redeemed, c) the rating remains suspended for six months, d) the entity/issuer defaults. or/and e) PACRA finds it impractical to surveill the opinion due to lack of requisite information.

Harmonization A change in rating due to revision in applicable methodology or underlying scale.

Surveillance. Surveillance on a publicly disseminated rating opinion is carried out on an ongoing basis till it is formally suspended or withdrawn. A comprehensive surveillance of rating opinion is carried out at least once every six months. However, a rating opinion may be reviewed in the intervening period if it is necessitated by any material happening.

(Section 25 Rules applicable to Credit Rating Agencies)
- (4) The LRA will not appoint any individual as a member of the rating committee who:
- (a) has a business development function of the Credit Rating Agency; or
- (b) who initiates or participates in discussions regarding fees or payments with any Client of the LRA. (Section 28 Rules applicable to Credit Rating Agencies)

Conduct of Business

- (5) Prior to the commencement of a rating or during such process the LRA will not promise, assure or guarantee to a Client that a particular rating will be assigned. (Section 39 Rules applicable to Credit Rating Agencies)
- (6) LRA performs a rigorous and formal periodic review of all its methodologies. Such methodologies will be made available to the Commission for perusal, upon request. (Section 41 Rules applicable to Credit Rating Agencies)

Independence & Conflict of interest

- (7) LRA receives compensation from the entity being rated or any third party for the rating services it offers. The receipt of this compensation has no influence on LRA's opinions or other analytical processes. In all instances, LRA is committed to preserving the objectivity, integrity, and independence of its ratings.
- (8) LRA will not engage in any other business which in the view of the Commission creates a conflict of interest unless prior written approval of the Commission is obtained. (Section 35 Rules applicable to Credit Rating Agencies)
- (9) LRA will structure its rating teams and processes to promote continuity, consistency and avoid bias in the rating process. (Section 47 Rules applicable to Credit Rating Agencies)

Monitoring and review

(10) For purposes of transparency the LRA will publish sufficient information about an entity/security rated, frequency of default and whether a rating grade assigned has changed over time. The definitions and computation methods for the default rates stated in the default studies shall also be disclosed. (Section 44 – Rules applicable to Credit Rating Agencies)

LRA maintain the following records pertaining to Clients:

- (a) all internal records to support its credit rating opinions;
- (b) all particulars relating to Clients at its office which shall include the name and registered address and contact numbers of such Client, names and addresses of their directors as at the date of rating, its issued share capital and the nature of business; and
- (c) a written record of all complaints received from Clients and action taken thereon by the LRA. (Section 48 Rules applicable to Credit Rating Agencies)
- (11) LRA maintains confidentiality of all non-public information entrusted to it by Clients at all times including such Client's identity and transactions carried out for such Client unless and to the extent such disclosure is required by law, or unless authorised by the Client to disclose such information. (Section 50 Rules applicable to Credit Rating Agencies)
- (12) LRA does not destroy, conceal or alter any records, property or books relating to the business of the Credit Rating Agency which are in its possession or under its control with the intention of defeating, preventing, delaying or obstructing the carrying out of any examination (Section 53 Rules applicable to Credit Rating Agencies)

Probability of Default

(13) LRA's Rating Scale reflects the expectation of credit risk. The highest rating has the lowest relative likelihood of default (i.e., probability).

Proprietary Information
